

2010 Community Shred Days

Heartland Bank is sponsoring our 5th Annual **Community Shred Days** to help combat the ever-increasing problem of identity theft. Area residents are invited to bring their personal documents for secure, onsite shredding, provided by Cintas, a national service provider of document storage and disposal.

Destroying documents with personal information—such as old credit card and utility bills, copies of credit applications, physician statements, insurance forms, and bank statements—is one way to thwart identity thieves.

Heartland Bank is proud to offer this service **FREE OF CHARGE** as a community service! See the schedule below for dates, times, and locations near you.
