

## My Online Banking Tab – Configure Widgets

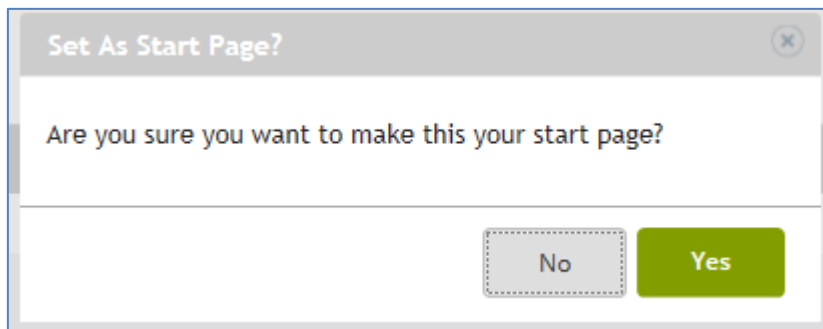

The landing page is the initial screen that appears once you have successfully logged into online banking. There are two possible landing pages, **Accounts** Listing (Accounts tab) and **My Online Banking**.

**My Online Banking** provides a customizable dashboard view of various online banking page options divided by widgets. (Widgets are an application, or a component of an interface, that enables a user to perform a function or access a service.) You can select which widgets display in each column and in which order.

Select **My Online Banking** → Use the **Set As Start Page | Configure This Page** option to customize the My NetTeller page.

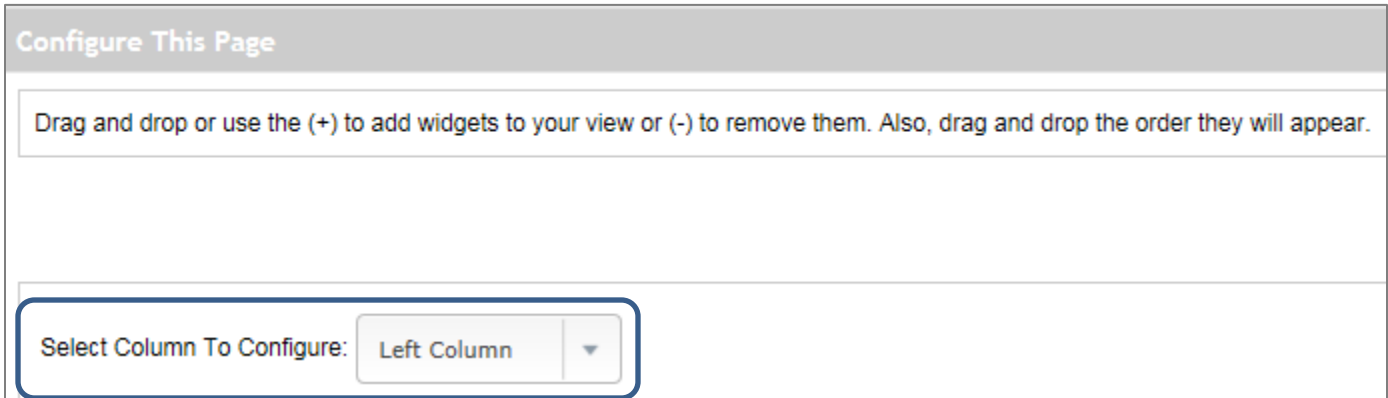

1. Select the  **Set As Start Page**, if you would like to save this page as the landing screen upon log in, select **Yes** in the pop up message as shown below. If left unselected, you must actively navigate to the My Online Banking option to access this screen.

2. Then select the **Configure This Page** option to control which widgets appear. You can add or remove widgets from *My Online Banking* screen view by using the plus and minus icons.

## How to Configure My Online Banking Page

1. Select **Configure This Page**, choose a column to work with from the **Select Column To Configure** drop-down field.

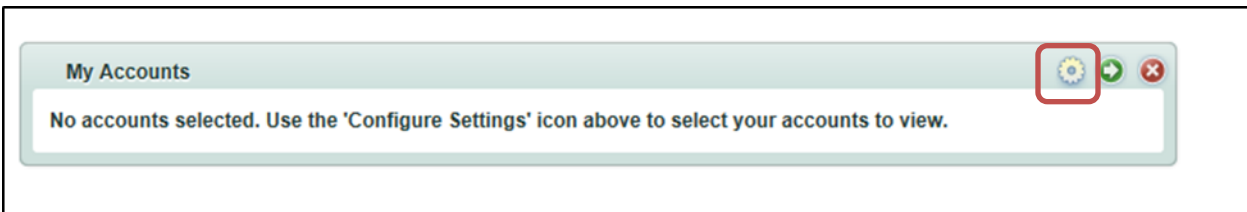

### NOTE

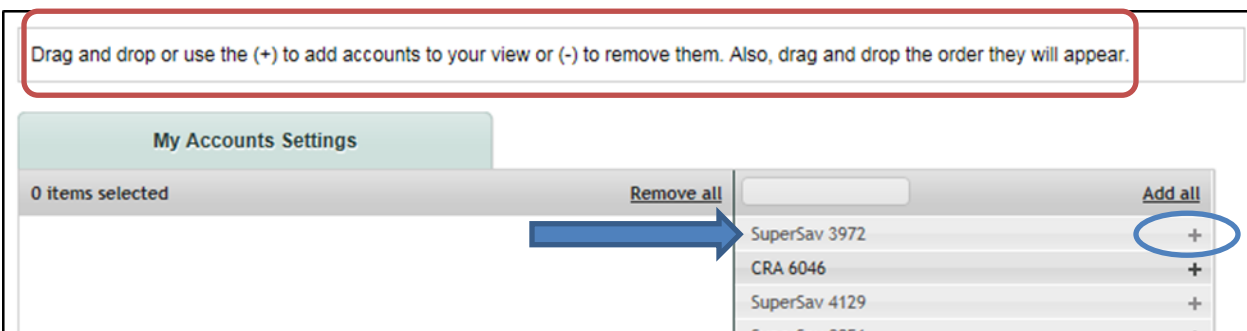

*My Online Banking* has a *Left*, *Center*, and *Right* column. The default selection is *Left* column. Widgets are assigned into specific columns on the *My Online Banking* screen and cannot be moved to different columns. The Online Banking Options assigned to each specific column will then appear.

2. Add or remove widgets using the plus and minus icons and optionally, change the display order.

Select the “gear” symbol “Configure Settings Icon” within each widget to configure:

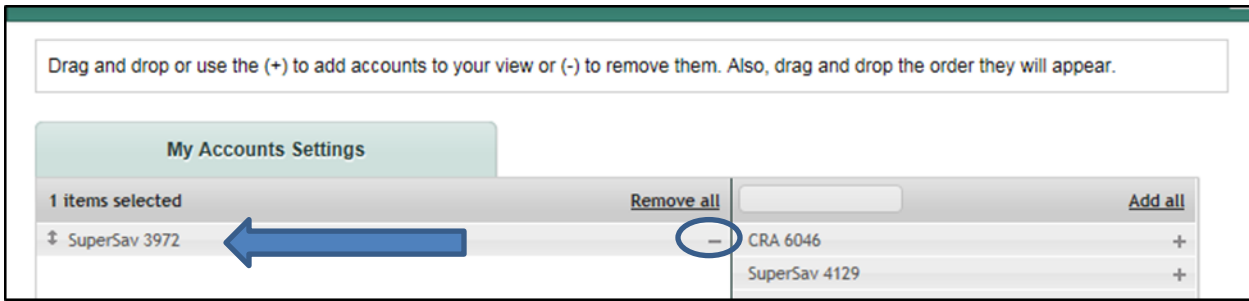

Before configuration:

## My Online Banking Tab – Configure Widgets

After configuration:

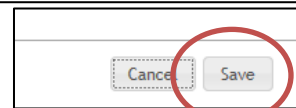

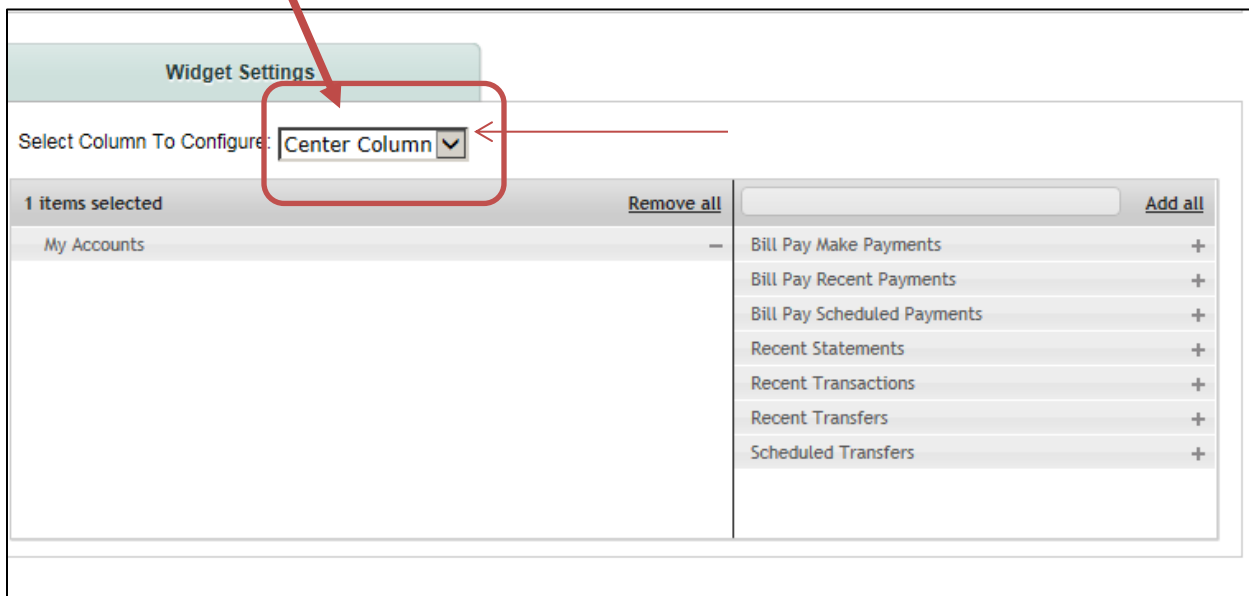

3. Select **Save** to retain changes made to all columns.

The *Configure This Page* dialog box closes, and the *My NetTeller* screen reloads to reflect the changes.

Configure each column (Left, Center and Right) and save your changes after completing each column.

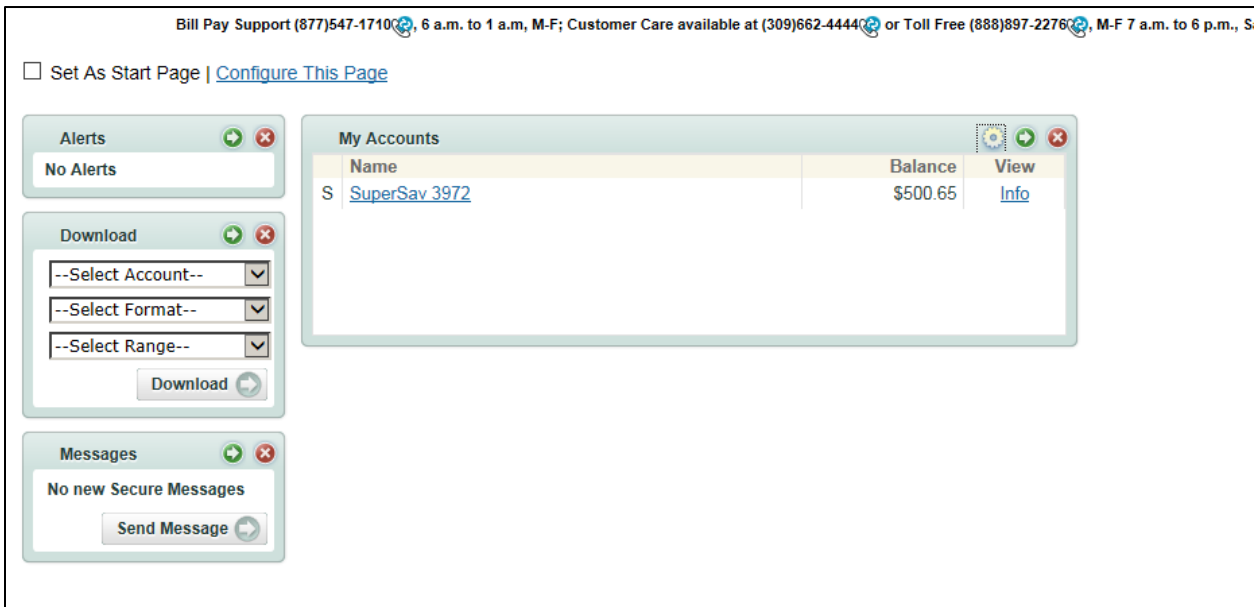

Select "Center Column"; Choose from the available options by selecting the "+" symbol or click and drag from one column to the next.

## My Online Banking Tab – Configure Widgets

Upon login this is the landing page. There will be a widget for each section that was selected such as “My Accounts”, “Recent Transactions”, “Recent Statements”, “Bill Pay Make Payments”.

Bill Pay Support (877)547-1710, 6 a.m. to 1 a.m, M-F; Customer Care available at (309)662-4444 or Toll Free (888)897-2276, M-F 7 a.m. to 6 p.m., S

Did You Know ✕

**...this page can be set as the first page you come to every time you log in?**

There is a check box at the top of the page, on the left. It's titled "Set As Start Page". When this is selected, this page will be the first page you come to every time you log in to online banking. De-selecting this will take you to the original account listing when you log in.

Close Topic List Next Topic Prior Topic

The image shows a 'Did You Know' dialog box with a title bar containing the text 'Did You Know' and a close button (✕). The main content area contains a bolded question: '...this page can be set as the first page you come to every time you log in?'. Below the question is a paragraph of text: 'There is a check box at the top of the page, on the left. It's titled "Set As Start Page". When this is selected, this page will be the first page you come to every time you log in to online banking. De-selecting this will take you to the original account listing when you log in.' At the bottom of the dialog box, there are four buttons: 'Close' (highlighted in green), 'Topic List', 'Next Topic', and 'Prior Topic'.
